

Bravo Professional Contractors Limited Warranty - Flooring

Bravo Professional Contractors offers a 12 month limited installation warranty starting on the first day after the completion date of your flooring project. Repairs under this limited warranty will be performed only to specific areas where warping and/or buckling of carpet and/or boards has occurred, or where installed base molding, quarter round, shoe molding, or transition pieces have come apart or detached from its originally installed position.

This installation warranty excludes but not limited to liquid/chemical spills, accidents where objects have damaged or fallen on the flooring surface, transitions pieces, and/or any of the above listed moldings.

This warranty also excludes incidents where damage has occurred from water leaks, internal plumbing issues, excess spills, or any and all incidents due to interior or exterior water intrusion caused by negligence of the customer or events based on mother nature. This limited installation warranty is only for the flooring products that were listed, contractually agreed upon, and serviced in the original customers proposal.

This warranty excludes, and in no event will Bravo Professional Contractors be responsible for consequential or incidental damages caused by accident or abuse, normal wear and tear, adverse temperature changes, or foundational/structural issues causing concrete or wood sub-floor shifting. Any evidence of damages, chemical exposure, or adverse negligence made by the homeowner will void the terms of this warranty. Customers are required to follow the manufacturer's warranty for optimal flooring performance.

*This Limited Installation Warranty is non-transferable.
